

# USING THE INTEREST PROFILER

Your interests say a lot about what you might want to do in your work. The Interest Profiler's 180 items will help you link your interests to personality/work environment types and then to occupations that use your interest and personality type.

## Instructions

*Important: You must first create and log in to a portfolio to save Interest Profiler results.*

1. Log in and select **Interest Profiler** under the **Assessments** tab.
2. Read the introduction page and select **Rate the Activities**.
3. Answer the items to complete the assessment, then your results will display.
4. Explore your highest interest areas. Each interest area contains many occupations.

# USING THE INTEREST PROFILER

Artistic

People with artistic interests like work that deal with the artistic side of things, such as forms, designs, and patterns. They prefer work that allows for creative expression in their work. They prefer work that can be done without following a clear set of rules.

## Explore Your Results

- Results for this sample's highest interest area Artistic display.
- Results are organized by occupation cluster. You can switch to alphabetical order by occupation title; select the **Order by Title** button. Results can also be ordered by education level, wages, or green occupations. Use the **Order by Selected** tools.
- To explore any of the occupations on your list, select the occupation title, which takes you to extensive career information related to the selected occupation.
- To return to your results, select the **Return to** pull down menu on the upper left corner of your screen. Select your assessment.
- Select **Print** to print your results and the occupation profiles that interest you.
- To save your results for future reference, select **Save**. Use the reflection box to save your thoughts about your results. Did new interest areas or occupations surface that you had never considered? If so, what were these? Did some low scores surprise you? Why might these scores be low? Type your thoughts in the reflection box.
