### What is Career Plan?

The future may be uncertain, but Career Plan puts you in charge of your future. The best way to predict your future is to plan it, and Career Plan will get you started. In Career Plan, you will look carefully at yourself, explore what interests you, and decide how to achieve your dreams. Take charge of your future. Use Career Plan.

#### Getting Started with Career Plan.

- Choose a version. Click on the Full Planner or the Quick Planner tab at the top of the page. You can go back and forth between versions.
  - Full Planner - If you have depth career planning experience, go through these 33 activities step-by-step.
  - Quick Planner - A shorter version with 12 activities.
- Start with **Who Am I?** to learn more about yourself and careers that match your background and interests.
- Next, use **Where Am I Headed?** To explore occupations and training options and begin networking or job seeking.
- Finally, use **How Do I Get There?** To plan your next steps.

## Instructions

*Note: You must first log in to your My Portfolio to access the Career Plan.*

1. Select **Career Plan** under the Plan tab.
2. Select the version of Career Plan that you wish to use.
  - **Full Planner** is a comprehensive career planning tool.
  - **Quick Planner** is an abbreviated planning tool.
3. Use the menu bar on the left to choose your planning step. This example is **Who Am I?** from the **Full Planner**. You can navigate to the Quick Plan at any time.
4. Select an activity to complete from the topic list.

*Note: You can also use the Writing Worksheet to save thoughts or other writing and work samples.*
